NEWCASTLE DISTILLING COMPANY IS A SMALL BATCH, CRAFT DISTILLERY THAT DELIVERS UNIQUE, AROMATIC FLAVOURS - SOURCED FROM NATURAL AUSTRALIAN INGREDIENTS AND CAREFULLY BREWED, FERMENTED, DISTILLED AND BOTTLED IN NEWCASTLE. WE BELIEVE THE PASSION THAT GOES INTO EACH PRODUCT, ENSURES A PREMIUM EXPERIENCE FOR YOU, OUR CUSTOMER.

ABOUT US

Newcastle Distilling Company is a small batch, craft distillery that delivers unique, aromatic flavours - sourced from natural Australian ingredients and carefully brewed, fermented, distilled and bottled in Newcastle.

Our point of difference is that we are 100% Australian owned, independent and make every batch of spirit from scratch.

Founded by Lucas Catell, who's passion for distilling started at a young age, buying his first still for just \$20 at a local garage sale and with a lot of hard work he has turned his passion into a living.

Newcastle Distilling Co. produces vodka, gin, a collection of dark spirits, delightful liqueurs, and Newcastle's inaugural Single Malt Whisky and Novocastrian Rum. Our entire range is meticulously handcrafted, utilising locally sourced grains from Voyager Craft Malt. Voyager specialises in creating artisanal malts sourced from our own locally cultivated and regionally procured seasonal grains in the picturesque Riverina region of New South Wales.

Newcastle Distilling Co has a bar, kitchen and function venue and distillery door in the Hunter Valley along with a tasting bar, bottle shop and experimental craft spirit and beer lab in Warners Bay.

2023 is looking bright with our new hybrid brewery/distillery opening up in Wickham. The same enthusiasm and passion that goes into our spirits will be going into our brewing.

VODKA

40% ABV

Made From Australian Cane Sugar and Tomatoes

Our vodka is made with a base of cane sugar and tomatoes. This unique foundation lays the groundwork for a velvety smooth texture and delicate notes of butterscotch and caramel, revealing their charm when enjoyed chilled.

Our commitment to perfection shines through in the meticulous distillation process. We have carefully curated the finest elements, allowing us to bypass unwanted characteristics. We remove the heads which contain all the methanol and fusel oils. We only use the hearts, the purest form of the alcohol, where all the rich flavour is. As the journey nears its conclusion, the “tails” emerge, which we cut away, ensure a smooth, clean, well rounded spirit.

Elevate your experience by pairing Newcastle Distilling Co handcrafted Vodka with your preferred mixer or crafting a cocktail masterpiece.

Cheers to enjoying moments enhanced by our exceptional Vodka!

The result is a harmonious blend of flavours that is both pure and slightly bittersweet, promising to quench your gin and tonic cravings in a refreshing sip.

BATHTUB GIN

40% ABV

Inspired by Prohibition Gin Making

Step into a world where our imagination meets the vibrant spirit of the 1920s American prohibition era. A time when clandestine concoctions were handcrafted in secret hideaways, often within the most ordinary (and largest) vessel - the bathtub.

Our Bathtub Gin is a modern-day tribute to those daring days. Embracing the direct contact infusion method, but with a modern twist – a twist that involves a hearty dose of experimentation and meticulous refinement. The result? A flavour bomb that we proudly present as our award winning blend of 19 botanicals and aromatics aged for a month on French and American oak.

Immerse your senses in the lush embrace of rich lemon myrtle, aniseed, the warmth of cardamom, the playful bite of pepper, roasted dandelion, zesty citrus, elderflower and an ensemble of so much more.

A toast to the past - Join us in raising a glass to the creativity of yesteryears, reimagined for today's palate with a touch of whimsy and a dash of sophistication.

STRAWBERRY GIN

40% ABV

Dry Gin Infused with Strawberry and Hibiscus

Experience the allure of a strawberry aroma, characterised by its luxurious richness and velvety smoothness. It is a captivating beginning, joined by a hibiscus tang that refreshes and subtle hints of apple, elderberry, and pineapple.

Yet, don't let the aroma deceive you, while it might suggest a sweetened gin, the experience is quite different. It is a gentle and dry gin, carrying the essence of strawberries, with whispers of rosehip, hibiscus flower, and a finale of licorice root.

This gin stands alone in its uniqueness. Its adaptability to various taste profiles makes it a perfect choice for a medley of cocktails or punches. The level of sweetness is yours to command, an intriguing play with different mixers or sugar syrup. Even the simplest additions, like tonic or soda water, weave wonders.

Handcrafted using genuine artisan techniques, this gin boasts authenticity. Enjoy it neat, poured over ice for a pristine experience. Mix it up by blending with soda and a burst of lime, or let your creativity flourish in your beloved cocktail recipes.

So, raise your glass to this symphony of flavours. They waltz and twirl upon the palate, a celebration of taste that knows no bounds.

Cheers to savouring the extraordinary!

MOONSHINE

40% ABV

Australian Corn Sour Mash Spirit

The name Moonshine is a nod to the original moonshiners of the United States during the prohibition era. We have crafted this spirit using a pure corn mash (sour mash), then aged it with American oak.

Did you know that only whiskey made in the good ol' U.S. of A. gets the official nod to be called 'Bourbon'? (Fun fact: About 95% of bourbon comes from the heart of Bourbon, Kentucky!) Now, down here in Australia, we've got our own twist on things. We lovingly call this style 'Sour Mash Whisky', tipping our hats to the way the corn is mashed in the brewing and fermentation process.

Our Moonshine is a timeless dark spirit boasting a rich, full-bodied character that is just the epitome of smoothness. It's like a cosy, sweet, and utterly relaxing embrace in a glass. On the nose, you will catch hints of burnt brown sugar and vanilla, and when it touches your lips, you will be greeted by the comforting notes of honey, with a delightful almond finish.

Savour it neat or with a couple of ice cubes, but if you are up for a fun twist, our all-time favourite is the classic Old Fashioned. So, whether you're a cocktail enthusiast or simply looking for a laid-back sipper, this one's here to keep the good times rolling. Cheers!

SPARROW JACK RANGE

Made From Australian Treacle ~ Rum Style Spirits

Our Sparrow Jack spirits undergo a double distillation process, starting with a base of fermented Australian treacle. We keep things pure and unfiltered, ensuring to capture all the wonderful flavours the fermented treacle has to offer. Sparrow Jack Original and Spiced are aged for a year on American, while Sparrow Jack Virgin, never touching wood, remains pure and clear.

Treacle is like molasses' sweeter cousin, packing in more sugar goodness. That's what sets our Sparrow Jack spirits apart – they have got this light and sweet vibe that is different from your usual sugar/molasses-based rum spirits. This makes them a perfect match for those just stepping into the world of rum, as well as those on the hunt for a unique experience.

And hey, down under in Australia, we've got some rules. To be legally named whisky, brandy, and rum, they have got to cosy up with wood for at least two years. Our Sparrow Jack is aged on American Oak - we believe the flavour is exceptional.

Cheers to a journey of flavours and friendship!

SPARROW JACK VIRGIN

40% ABV

Made From Unaged Australian Treacle

Behold the Sparrow Jack Virgin, a spirit untouched by time and unmarred by age. This be a rare treasure, where the treacle's true character takes the stage. Prepare your senses for a delicate sweetness, a gentle whisper of banana peel both in scent and on the tongue. When we say 'virgin', we mean this drop's never met the kiss of wood – a rum style spirit untouched by the years.

Smooth as a calm sea, sweet as a mermaid's song, and subtle as a pirate's wit, it opens up a world of cocktail possibilities. From tropical delights to concoctions that'll make you dance a jig, this be the perfect base for any drink in need of a white rum touch.

So, me hearties, raise your glasses high and set sail on a voyage of flavour with the Sparrow Jack Virgin!

Raise a mug to its versatility – it's a star in rum-based cocktails and mixed drinks alike. Keep the party afloat with every sip. And mark this, it's aged with American oak for a year, maturing like exquisite plunder in a hidden cove.

Pour it into a Cuba Libre or let it roar in a Dark and Stormy – those be some of our cherished secrets. But truth be told, this treasure plays well with most combinations you can imagine. EAGLE ONE NOVOCASTRIAN RUM

Gather around, my friends, for a tale of spirits and seafaring dreams – introducing Eagle One: Novocastrian Rum, a true treasure hailing from Newcastle’s heart.

Back in the day, a young Lucas Cattell had grand adventures with his grandfather Victor Hingston, out on the water. Together, they christened a boat – the Eagle One – and set sail on memories that’d last a lifetime.

Now, fast forward to today, and that same adventurous spirit is bottled up in Novocastrian Rum. Master distiller Lucas Cattell crafted this smooth rum from fermented treacle and let it age for over two years in ex Port barrels. Even though it’s got a strong cask strength of 55% ABV, it’s as smooth as a calm day on the water.

So, whether you’re a seasoned sailor or a landlubber yearning for a taste of the briny deep, raise a glass to Eagle One, a rum that encapsulates the spirit of adventure in every sip.

VICTOR HINGSTON SINGLE MALT WHISKY

55% ABV

Listen up, folks, as I weave you a tale under the warm glow of dimmed lights and the hush of a speakeasy's secrets. This here is the legend of Victor Hingston, Newcastle's inaugural single malt whisky.

Let me introduce you to a name that carries more than just letters. It's a nod to those who lit up our lives – a grandfather, a comrade, a guiding star – Victor Hingston Moy. It's a libation that's more than liquid; it's a legacy.

This whisky, my friends, it's a flirtation with peat, a dance between flavours that will have you leaning in for more. Crafted with a tender hand, it's born from rainwater's tender caress and a symphony of malt. Picture Australian-grown Voyager Craft Malt meeting a smoky character all the way from bonnie Scotland. And as it slumbers in those 100-litre port barrels, nabbed straight from Seppeltsfield in Barossa Valley, South Australia, it matures like a dream.

Now, imagine Newcastle's ever-changing weather – the sun's caress, the rain's embrace. It gives this single malt whisky its very soul, its unique touch.

Lift that glass, and let the scents sweep you away – oak's wisdom, smoke's allure, and toffee's sweet embrace. And as it touches your lips, it's like a stroll through an orchard, where young peaches and fresh strawberries waltz with warm toffee, all rounded off with a sly wink of enchanting smoke.

So here's to Victor Hingston, a whisky that whispers tales as it dances on your tongue, a legacy that lingers long after the glass is empty. Here's to the past, the present, and the tales yet to be told. Cheers, my friends, in this hidden world where stories flow like honeyed nectar.
